

YOUTH (song lyrics)

Originally performed by Daughter

Rewritten by Breanna Shepley

Time has settled on the place that you left
Our hearts are filled up with your willingness
Enjoy the middle, not a waste of time
From the perfect start to the finish line

And if you're still breathing, you're the lucky ones
'Cause most of us are heaving through corrupted lungs
Let's light fires in our hearts for fun
Breathe new air into our dreams and let them run

We are the reckless
We are the wild youth
Chasing visions of our futures
One day we'll reveal the truth
That our soul has held inside since our birth

And if you're still bleeding, you're the lucky ones
'Cause most of our feelings, they are quiet, they are gone
Let's light fires in our hearts for fun
Burn these pictures of the flood that wrecked our home

And find love to fix it

'Cause we'll make it
Yeah we'll make it
And we've made it

YOUTH (SONG LYRICS)

Well I've shed it all, I've lost my silhouette
A maskless face, shining on the rest
My eyes are damp from the words that you left
Ringing in my head, when you spoke of my best
Ringing in my head, when you spoke of my best

And when you're in love, with the journey when it's done
You won't let yourself be bitter over someone
We're lighting fires in our hearts for fun
Passion lost and passion found in the end
'Cause you showered loving hymns

And you lived it
And you lived it
And you lived it
